INTENT TO ISSUE

The Department of Environmental Protection gives notice of its intent to issue a Permit (No. 0245850-001-WT/02, Draft enclosed) for the proposed project as detailed in the application specified above, for the reasons stated below:

The applicant, Beck's Tire Service, Inc. d/b/a Florida Tire Terminal, c/o Robert A. Reisig, Manager, P.O. Box 1733, Avon Park, Florida 33826 applied on March 4, 2005 to the Department of Environmental Protection for a Permit to construct/operate:

an existing used tire dealer business as a waste tire processing facility (based on storage of used tires) that specializes in repairing and selling used tires or transferring to a permitted facility for processing/disposal. The facility is specifically identified as Florida Tire Terminal and is located at 400 Feagin Street, City of Avon Park in Highlands County, Florida.

The Department has permitting jurisdiction under Sections 403.061, 403.087 and 403.707 Florida Statutes (F.S.) and Florida Administrative Code (F.A.C.) Rules 62-4 and 62-711. The project is not exempt from permitting procedures. The Department has determined that an Operation Permit is required for the proposed work.

The Department intends to issue this Permit, based on its belief that reasonable assurances have been provided to indicate that the project will comply with appropriate provisions of Florida Administrative Code (F.A.C.) Rules 62-4, 62-25, 62-302, 62-701 and 62-711, as long as the conditions of the Permit are adhered to.

NOTICE OF RIGHTS

Pursuant to Section 403.815, Florida Statutes (F.S.), you are required to publish at your own expense the enclosed Notice of Proposed Agency Action. The notice shall be published one time only within **thirty (30) days** in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.001 and 40.031, F.S., in the county where the activity is to take place. Where there is more than one newspaper of general circulation in the county, the newspaper used must be one with significant circulation in the area that may be affected by the permit. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. You must provide proof of publication to the Department by mail at P.O. Box 2549, Fort Myers, Florida 33902-2549, or by delivery to 2295 Victoria Avenue, Suite 364, Fort Myers, Florida, as soon as practical after publication.

The Department will issue the Permit (No. 0245850-001-WT/02, Draft enclosed), unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. Persons who have filed such a petition may seek to mediate the dispute, and choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for petitioning for a hearing are set forth below, followed by the procedures for pursuing mediation.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Petitions by the applicant or any of the parties listed below must be filed within **fourteen (14) days** of receipt of this written notice. Petitions filed by other persons must be filed within **fourteen (14) days** of publication of the notice or receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.A.C., however, any person who asked the Department for notice of agency action may file

a petition within **fourteen (14) days** of receipt of such notice, regardless of the date of publication. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are or will be affected by the Department's action or proposed action;
- (d) A statement of all material facts disputed by petitioner or a statement that there are no disputed facts;
- (e) A statement of the ultimate facts alleged, including a statement of the specific facts which the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may

be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

In addition to requesting an administrative hearing, any petitioner may elect to pursue mediation. The election may be accomplished by filing with the Department a mediation agreement with all parties to the proceeding (i.e., the applicant, the Department, and any person who has filed a timely and sufficient petition for a hearing). The agreement must contain all the information required by Rule 28-106.404, F.A.C. The agreement must be received by the clerk in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within **ten (10) days** after the deadline for filing a petition, as set forth above. Choosing mediation will not adversely affect the right to a hearing, if mediation does of result in a settlement.

The agreement to mediate must include the following:

- (a) the names, addresses, and telephone numbers of any persons who may attend the mediation;
- (b) the name, address, and telephone number of the mediator selected by the parties, or a provision of selecting a mediator within a specified time;
- (c) the agreed allocation of the costs and fees associated with the mediation;
- (d) the agreement of the parties on the confidentiality of discussions and documents introduced during mediation;
- (e) the date, time, and place of the first mediation session, or a deadline for holding the first session, if no mediator has yet been chosen;
- (f) the name of each party's representative who shall have authority to settle or recommend settlement;
- (g) either an explanation of how the substantial interests of each mediating party will be affected by the action or proposed action addressed in this action or a statement clearly identifying the petition for hearing that each party has already filed, and incorporating it by reference; and
- (h) the signatures of all parties or their authorized representatives.

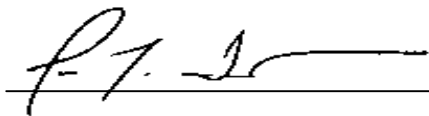

As provided in Section 120.573 of the Florida Statutes, the timely agreement of all parties to mediate will toll the time limitations imposed by Sections 120.569 and 120.57 F.S. for requesting and holding an administrative hearing. Unless otherwise

agreed by the parties, the mediation must be concluded within **sixty (60) days** of receipt of the execution of the agreement. If mediation results in settlement of the administrative dispute, the Department must enter a final order incorporating the agreement of the parties. Persons whose substantial interests will be affected by such a modified final decision of the Department have a right to petition for a hearing only in accordance with the requirements for such petitions set forth above and must, therefore, file their petitions within **fourteen (14) days** of receipt of this notice. If mediation terminates without settlement of the dispute, the Department shall notify all parties in writing that the administrative hearing processes under Sections 120.569 and 120.57 F.S. are resumed.

Any party to this order has the right to seek judicial review of it under Section 120.68, F.S., by filing a Notice of Appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriated district court of appeal. The Notice of Appeal must be filed within **thirty (30) days** after this order is filed with the Clerk of the Department.

**PUBLIC NOTICE OF INTENT TO ISSUE PERMIT
TO BE PUBLISHED IN A NEWSPAPER**

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO ISSUE PERMIT**

The Department of Environmental Protection gives Notice of its Intent to grant a Construction/Operation Permit (No. 0245850-001-WT/02) for an existing facility, as detailed in the application (No. 0245850-001-WT/02) to the applicant, Beck's Tire Service, Inc. d/b/a/ Florida Tire Terminal c/o Robert Reisig, Manager, P.O. Box 1733, Avon Park, Florida 33826.

The Permit, when issued, will allow the Permittee to construct/operate:

an existing used tire dealer business as a waste tire processing facility (based on storage of used tires) that specializes in repairing and selling used tires or transferring to a permitted facility for processing/disposal. The facility is specifically identified as Florida Tire Terminal and is located at 400 Feagin Street, City of Avon Park in Highlands County, Florida.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at Florida Department of Environmental Protection, South District, 2295 Victoria Avenue, Suite 364, Fort Myers, Florida.

The Department will issue the permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57 of the Florida Statutes, or all parties reach a written agreement on mediation as an alternative remedy under Section 120.573 before the deadline for filing a petition. Choosing mediation will not adversely affect the right to a hearing, if mediation does not result in a settlement. The procedures for petitioning for a hearing are set forth below, followed by the procedures for pursuing mediation.

A person whose substantial interests are affected by the above proposed agency action may petition for an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Department's Office of General Counsel, Marjory Stoneman Douglas Building, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled

to written notice under Section 120.60(3) of the Florida Statutes must be filed within **fourteen (14) days** of publication of this notice or receipt of the written notice, whichever occurs first. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are or will be affected by the Department's action or proposed action;
- (d) A statement of all material facts disputed by petitioner or a statement that there are no disputed facts;
- (e) A statement of the ultimate facts alleged, including a statement of the specific facts which the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

In addition to requesting an administrative hearing, any petitioner may elect to pursue mediation. The election may be accomplished by filing with the Department a

mediation agreement with all parties to the proceeding (i.e., the applicant, the Department, and any person who has filed a timely and sufficient petition for a hearing). The agreement must contain all the information required by Rule 28-106.404 F.A.C. The agreement must be received by the clerk in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within **ten (10) days** after the deadline for filing a petition, as set forth above. Choosing mediation will not adversely affect the right to a hearing, if mediation does not result in a settlement.

The agreement to mediate must include the following:

- (a) the names, addresses, and telephone numbers of any persons who may attend the mediation;
- (b) the name, address, and telephone number of the mediator selected by the parties, or a provision of selecting a mediator within a specified time;
- (c) the agreed allocation of the costs and fees associated with the mediation;
- (d) the agreement of the parties on the confidentiality of discussions and documents introduced during mediation;
- (e) the date, time, and place of the first mediation session, or a deadline for holding the first session, if no mediator has yet been chosen;
- (f) the name of each party's representative who shall have authority to settle or recommend settlement;
- (g) either an explanation of how the substantial interests of each mediating party will be affected by the action or proposed action addressed in this action or a statement clearly identifying the petition for hearing that each party has already filed, and incorporating it by reference; and
- (h) the signatures of all parties or their authorized representatives.

As provided in Section 120.573 of the Florida Statutes (F.S.), the timely agreement of all parties to mediate will toll the time limitations imposed by Sections 120.569 and 120.57 F.S. for requesting and holding an administrative hearing. Unless otherwise agreed by the parties, the mediation must be concluded within **sixty (60) days** of receipt of the execution of the agreement. If mediation results in settlement of the administrative dispute, the Department must enter a final order incorporating the agreement of the parties. Persons whose substantial interests will be affected by such a modified final decision of the Department have a right to petition for a hearing only in accordance with the requirements for such petitions set forth above and must, therefore, file their petitions within **fourteen (14) days** of receipt of this notice, or they shall be deemed to have waived their right to a proceeding under Sections 120.569 and 120.57 F.S. If mediation terminates without settlement of the dispute, the Department shall notify all parties in writing that the administrative hearing processes under Sections 120.569 and 120.57 F.S. are resumed.

This Permit is issued pursuant to Sections 403.061, 403.087 and 403.707, Florida Statutes (F.S.), and Florida Administrative Code (F.A.C.) Rules 62-4 and 62-711. The above-named Permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

an existing used tire dealer business as a waste tire processing facility (based on storage of used tires) that specializes in repairing and selling used tires or transferring to a permitted facility for processing/disposal. The facility is specifically identified as Florida Tire Terminal and is located at 400 Feagin Street, City of Avon Park in Highlands County, Florida.

The Permit is subject to the following fifteen (15) General and fifteen (15) Specific Conditions. An approved copy of the application package is enclosed for your records.

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth in this Permit are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.727, or 403.859 through 403.861, F.S. The Permittee is placed on notice that the Department will review this Permit periodically and may initiate enforcement action for any violation of these conditions.

GENERAL CONDITIONS:

2. This Permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this Permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in Subsections 403.087(6) and 403.722(5) F.S., the issuance of this Permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This Permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the Permit.
4. This Permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This Permit does not relieve the Permittee from liability for harm or injury to human health or welfare, animal or plant life, or property caused by the construction or operation of this permitted source or from penalties therefore; nor does it allow the Permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by any order from the Department.
6. Permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the Permittee to achieve compliance with the conditions of this Permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the Permit and when required by Department rules.
7. The Permittee, by accepting this Permit, specifically agrees to allow authorized Department personnel, upon presentation of credential or other documents as may be required by law, and at reasonable times, access to the premises where the permitted activity is located or conducted to:

GENERAL CONDITIONS:

- (a) Have access to and copy any records that must be kept under the conditions of the Permit;
- (b) Inspect the facility, equipment, practices, or operations regulated or required under this Permit; and
- (c) Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this Permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason the Permittee does not comply with or will be unable to comply with any condition or limitation specified in this Permit, the Permittee shall immediately provide the Department with the following information:
 - (a) A description of and cause of noncompliance; and
 - (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance. The Permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or revocation of this Permit.
9. In accepting this Permit, the Permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source, which are submitted to the Department, may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Sections 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.
10. The Permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance, provided, however, the Permittee does not waive any other rights granted by Florida Statutes or Department rules. A reasonable time for compliance with a new or amended surface water quality standard, other than those standards addressed in Rule 62-302.500, F.A.C, shall include a reasonable time to obtain or be denied a mixing zone for the new or amended standard.

11. This Permit is transferable only upon Department approval in accordance with Rules 62-4.120 and 62-730.300, F.A.C, as applicable. The Permittee shall be liable for any noncompliance of the permitted activity until the transfer is approved by the Department.
12. This Permit or a copy thereof shall be kept at the work site of the permitted activity.
13. This Permit also constitutes:
 - (a) Determination of Best Available Control Technology (BACT)
 - (b) Determination of Prevention of Significant Deterioration (PSD)
 - (c) Certification of compliance with State Water Quality Standards (Section 401, PL 92-500)
 - (d) Compliance with New Source Performance Standards
14. The Permittee shall comply with the following:
 - (a) Upon request, the Permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically, unless otherwise stipulated by the Department.
 - (b) The Permittee shall hold at the facility or other location designated by this Permit, records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by this Permit, copies of all reports required by this Permit, and records of all data used to complete the application for this Permit.
 - (c) Records of monitoring information shall include:
 1. the date, exact place, and time of sampling or measurements;
 2. the person responsible for performing the sampling or measurements;
 3. the dates analyses were performed;
 4. the person responsible for performing the analyses;
 5. the analytical techniques or methods used;
 6. the results of such analyses.

GENERAL CONDITIONS:

15. When requested by the Department, the Permittee shall, within a reasonable time, furnish any information required by law, which is needed to determine compliance with the Permit. If the Permittee becomes aware the relevant facts were not submitted or were incorrect in the Permit application or in any report to the Department, such facts or information shall be corrected promptly.

SPECIFIC CONDITIONS:

1. Florida Tire Terminal (the Facility) is permitted to receive used tires for repairing and selling or transferring to a permitted facility for processing/disposal in accordance with all applicable requirements of Florida administrative Code (F.A.C.) Rule 62-711.
2. Appropriate signs indicating name of the Facility, operating agent and other pertinent information shall be posted at the entrance to the site. A sign indicating that the Facility accepts only used tires and not other solid or hazardous waste shall also be posted at the facility entrance.
3. The site of operations shall be easily accessible by trucks and cars, with all-weather access roads maintained in a clean condition.
4. A trained supervisor or foreman shall be responsible for operating and maintaining the Facility in an orderly and safe manner. Sufficient personnel shall be employed to adequately operate the facility in compliance with this Permit. An attendant shall be present on the site when the facility receives used tires from independent haulers.
5. The Permittee shall strictly abide by the indoor and outdoor storage capacities furnished in the application for permit and to the quantity for which the financial responsibility is submitted. For storage of larger quantity of used tires (by weight, volume or number) the Permittee shall demonstrate the indoor and outdoor capacities for storage available on the site and furnish the corresponding financial responsibility. However, the number of used tires stored shall not exceed 15,000 in accordance with the Approval of Alternate Procedures (Case SWAP-04-02).
6. At least seventy-five (75) percent of the used tires and waste tires that are delivered to or are stored by the facility at the beginning of each calendar year must be removed for proper use, recycling or disposal from the facility during the year.
