RE: 2017 - Pre-Authorization for Disaster Debris Management Sites (DDMS)

Dear DAVID BRAXTON

This is notify you that on March 30, 2017, the Department of Environmental Protection (the Department) received your request for pre-authorization of a disaster debris management site(s) (DDMS) for 2017. Disaster debris includes hurricane/storm-generated debris and all other types of disaster debris.

The Department has evaluated your request for a DDMS at the following location(s):

Site Name: NORTHWEST EQUESTRIAN TRAIL DEBRIS STAGING SITE-101205

Site Address: SOUTH MOBLEY RD, 1 MI EAST OF GUNN HWY
Tampa, FL, 33556

On-Site Contact: JERROD VAUGHAN
(813) 264-3806, VaughanJ@hillsboroughcounty.org

DEP/Local Program Contact: MELISSA MADDEN, (813)470-5795,
MELISSA.MADDEN@DEP.STATE.FL.US

Site Name: SOUTHEAST COUNTY SLF (PICNIC LF)-41193

Site Address: 15960 CR 672 Lithia, FL, 33547

On-Site Contact: LARRY RUIZ
8136717707, RUIZLE@HILLSBOROUGHCOUNTY.ORG

DEP/Local Program Contact: MELISSA MADDEN, (813)470-5795,
MELISSA.MADDEN@DEP.STATE.FL.US

Site Name: SYDNEY DOVER TRAILS DEBRIS STAGING SITE-101206

Site Address: STATE ROAD 60, EAST OF ORCHID GROVE LN
Dover, FL, 33527

On-Site Contact: JEFF HORAK
(813) 927-1381, HorakJS@hillsboroughcounty.org

DEP/Local Program Contact: MELISSA MADDEN, (813)470-5795,
MELISSA.MADDEN@DEP.STATE.FL.US

Unless you receive a subsequent notification from the Department concerning the status of these sites, you

may consider them pre-authorized as disaster debris management sites.

In the event of a major storm event or other disaster which results in the Department issuing an Emergency Final Order (the Order) for your county, you may begin using a temporary DDMS as necessary, while also requesting issuance of a field authorization from the Department. Once activated, a DDMS is subject to the following conditions, in addition to the requirements of the Order and Florida Statute 403.7071:

- 1) Standing water must not be allowed to accumulate in or within 50 feet of areas used to store or process disaster debris;
- 2) The Department must be notified when the site is opened and begins accepting debris, and when the site is closed and stops accepting debris;
- 3) Access must be controlled to prevent unauthorized dumping and scavenging;
- 4) A DDMS must have spotters to correctly identify and segregate waste types for appropriate management;
- 5) Once the site is open, a spotter must be located in the area where the waste is being deposited in order to spot and remove prohibited waste items;
- 6) A DDMS is limited to managing construction and demolition debris, yard trash, vegetative waste, or Class III waste; any putrescible waste received at the DDMS must be removed within 48 hours; all other types of prohibited waste should be managed in accordance with the guidance document(see link below);
- 7) Unless otherwise approved by the Department in response to a written request from you, the DDMS must cease operation and all disaster debris must be removed from the sites on or before the expiration date of an Order that has been executed by the Department, unless it is modified or extended by further authorization.

The Department has also prepared a guidance document on the establishment, operation, and closure of a DDMS for disaster debris. This guidance document includes recommended practices, which you are expected to follow as much as practicable, as well as additional requirements from the Order. A copy of this guidance document is available on the DEP website
