Firenza Global, LLC  
Facility and Permittee Name Change  
Modification of Permit No. 0310464-002-WT  
DEP Project No. 0310464-003-WT-TO

Dear Ms. Messeroll:

In response to the Application for Transfer of Permit or Notification of Name Change, DEP Form 62-701.900(8), which was submitted by you and received by the Department on April 7, 2017, Solid Waste Permit Number 0310464-002-WT is modified for the change of facility name and permittee name as documented below:

Facility Name:

**FROM:** Consolidated Tire Processing, LLC

**TO:** Consolidated Tire Processing

Permittee Name:

**FROM:** Consolidated Tire Processing, LLC

**TO:** Firenza Global, LLC

All other conditions of the subject permit remain unchanged.

Ms. Messeroll

## SECTION 1 - SUMMARY INFORMATION

### A. Authorization

The permittee is hereby authorized to operate a waste tire processing facility in accordance with the specific and general conditions of this permit and any documents attached to this permit or specifically referenced in this permit and made a part of this permit.

This waste tire processing facility operation permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Chapters 62-4, 62-701, and 62-711.

This permit does not relieve the permittee from complying with any other appropriate local zoning or land use ordinances or with any other laws, rules or ordinances. Receipt of any permit from the Department does not relieve the applicant from obtaining other federal, state, and local permits and/or modifications required by law, including those from other sections within the Department or of the Water Management District.

### B. Facility Location

The facility is located at 3100 S. Ridgewood Unit 190, South Daytona, in Section 33, Township 33, Range 15, in Volusia County, Florida.

### C. Facility Description

The above-named permittee is hereby authorized for the following operations:

- To operate a waste tire processing facility. Processing involves the storage and baling of whole waste tires.
- All storage and operations are performed indoors.
- On-site waste tire storage capacity is 10,000 tires. This includes whole waste tires, baled tires, and used tires for resale.

### D. Appendices Made Part of This Permit

APPENDIX 1 - General Conditions

APPENDIX 2 – List of Documents Incorporated into this Permit

### E. Attachments for Informational Purposes Only

ATTACHMENT 1 - Facility Permit History

## SECTION 2 - SPECIFIC CONDITIONS

### A. Administrative Requirements

1. Documents Part of This Permit. The permit application as contained in the Department's files is made a part of this permit. Those documents that make up the complete permit application are listed in APPENDIX 2.
2. Permit Modification. Any change to construction, operation or monitoring requirements of this permit may require a modification to this permit, in accordance with the provisions of Rule 62-701.320(4), F.A.C.

3. Permit Renewal. In order to ensure uninterrupted operation of this facility, a timely and sufficient permit renewal application must be submitted to the Department in accordance with Rule 62-701.320(10), F.A.C. A permit application submitted at least 61 days prior to the expiration of this permit is considered timely and sufficient.
4. Transfer of Permit or Name Change. In accordance with Rule 62-701.320(11), F.A.C., the Department must be notified in writing within 30 days: (1) of any sale or conveyance of the facility; (2) if a new or different person takes ownership or control of the facility; or (3) if the facility name is changed.

### **B. Construction Requirements**

1. General Construction Requirements. This Permit does not authorize any construction activities. The Department shall be notified before any construction or changes, other than minor deviations, to the approved Site Plan are implemented in order to determine whether a permit modification is required.

### **C. Operation Requirements**

1. General Operating Requirements. The Permittee shall operate the facility in accordance with the pages 8 thru 11 of Appendix 2, Reference 3 and Rules 62-711.530 and 62-711.540, F.A.C. The Department shall be notified before any changes, other than minor deviations, to that information in order to determine whether a permit modification is required.
2. Authorized Waste and Material Types. The facility is authorized to manage only the following:
  - a) Whole waste tires as defined in Rule 62-701.200, F.A.C.
3. Unauthorized Waste Types. The facility is not authorized to accept or manage any waste types not listed in C.2. above. Any unauthorized waste inadvertently received by the facility shall be managed in accordance with the approved Operation Plan.
4. Maximum Storage Quantities. The maximum storage at the facility for whole waste tires, baled tires, and used tires for resale is 10,000 tires (100 tons).
5. Facility Capacity. If the facility has reached its permitted capacity for storage of waste tires, the permittee shall not accept additional waste tires until sufficient capacity has been restored.
6. Storage and Management. All waste tires will be stored indoors and shall meet the fire department's standards along with the applicable storage requirements cited in Rule 62-711.540, F.A.C.
7. Contingency Plan and Notification of Emergencies. The Permittee shall notify the Department in accordance with the approved Contingency Plan (that is, emergency preparedness manual). The approved plan is Appendix 2, Reference 2. Notification shall be made to DEP's Central District Office at (407) 897-4100. The Contingency Plan must be updated annually. [Rule 62-711.540(1)(e), F.A.C.]
8. The operator of the site shall immediately notify the Department in the event of a fire or other emergency which poses an unanticipated threat to the public health or the environment in accordance with 62-711.540(1)f. Within two weeks of any emergency,

the operator of the site shall submit to the Department a written report on the emergency. This report shall describe the origins of the emergency, the actions that were taken to deal with the emergency, the results of the actions that were taken, and an analysis of the success or failure of the actions.

9. Operations Involving Use of Open Flames. No operations involving the use of open flames shall be conducted within 25 feet of a waste tire pile, Rule 62-711.540(1)(b), F.A.C.
10. Processing Requirements. At least 75% of the whole tires and used tires that are delivered to or are contained on the site at the beginning of each calendar year must be processed and removed for disposal or recycling from the facility during the year, or disposed in a permitted solid waste management facility, Rule 62-711.530(3), F.A.C.
11. Quarterly Reports. Owners or operators of waste tire processing facilities shall submit quarterly reports to the Department that summarize the information collected under Rule 62-711.530(4), F.A.C. The reports shall be submitted on DEP Form 62-701.900(21), not later than the 20<sup>th</sup> of the month following the close of each calendar quarter to the Department of Environmental Protection, Central District, 3319 Maguire Blvd., Ste 232, Orlando, Florida 32803, with a copy to the Department of Environmental Protection, Solid Waste Section, 2600 Blair Stone Road, Tallahassee, Florida 32399, Rule 62-711.530(5), F.A.C. The submittal to the Central District can be electronic. The e-mail address is DEP\_CD@dep.state.fl.us.
12. Fire Safety Survey. A fire safety survey shall be conducted at least annually by the local fire protection authorities, Rule 62-711.540(1)(d), F.A.C. The survey report shall be made part of the next quarterly report in Specific Condition Section **2.C.11** above.

#### **D. Water Quality Monitoring Requirements**

There are no water quality monitoring requirements for this facility.

#### **E. Gas Management System Requirements**

There are no gas management requirements for this facility.

#### **F. Closure Requirements**

1. At least 30 days prior to receiving the final waste tire shipment, the owner or operator shall notify the Department in writing prior to ceasing operations, and shall specify a closing date. No additional waste tires shall be received by the facility after the closing date.
2. Within 30 days after receiving the final waste tire shipment, the owner or operator shall remove or otherwise dispose of all waste tires in accordance with the approved closure plan.
3. The owner or operator shall certify in writing to the Department when closure is complete.

#### **G. Financial Assurance and Cost Estimates**

1. Financial Assurance Mechanism. The permittee shall maintain, in good standing, the financial assurance mechanism established to demonstrate proof of financial assurance. Support documentation and evidence of financial assurance increases shall be submitted

within the time frames specified in Rule 62-711.500(3), F.A.C. All submittals in response to this specific condition shall be sent to:

[Solid.waste.financial.coordinator@dep.state.fl.us](mailto:Solid.waste.financial.coordinator@dep.state.fl.us)

Or:

Florida Department of Environmental Protection  
Financial Coordinator - Solid Waste Section  
2600 Blair Stone Road, MS 4565  
Tallahassee, Florida 32399-2400

2. Cost Estimates. The permittee shall annually adjust the closing cost estimate in accordance with Rule 62-711.500(3), F.A.C. The owner or operator shall submit the annual cost estimate at least 60 days prior to the anniversary date of their financial assurance mechanism. In this case, the annual cost estimate is due by October 8th of each year (original financial assurance bond was submitted on December 8, 2016).
