Re: Trail Ridge Landfill Incremental Closure – Phases 5-7 – Units 82-114
FDEP Permit No. 0013493-0025-SO-01, 0013493-0026-SC-01 & 0013493-0027-SO-mm
ETM No. E11-019-P5

Dear Mr. Dilmore:

Please find attached the Certification of Completion for Trail Ridge Landfill, Incremental Closure – Phases 5-7 4, which includes Units 82-114. Please find the following for your review and approval:

- Quality Assurance and Quality Control Documentation prepared by England Thims & Miller, Inc. (electronically signed and sealed with signature file dated 8-31-2017).
- Asbuilt Survey for the referenced project prepared by Robert M. Angas Associates, Inc.
- Testing Summary Report for QA / QC Materials testing data and results prepared by Meskel and Associates Engineering (MAE) (QA / QC Geotechnical firm) digitally signed and sealed.
- “Record Documentation of Phases 5-7 Incremental Closure Geosynthetic Construction for Trail Ridge Landfill prepared and electronically sealed by Golder and Associates, Inc. (GAI).

Subject to your site inspection, the City of Jacksonville, Florida, respectfully requests your written verification that the Department accepts this incremental closure.

Please know that we will submit one hard copy of the documents listed above and an electronic copy submitted via email with a link to the FTP Site so that the documents can be downloaded. If you have any questions regarding this construction, please feel free to give me a call at (904) 265-3163 or email me at Lockwoods@etminc.com.

Sincerely,

ENGLAND, THIMS & MILLER, INC.

Scott Jordan Lockwood, P.E.
Senior Project Manager - Shareholder
