Ms. Johns,

I have reviewed the document 'Closure Cost Estimating Form for Solid Waste Facilities' dated 2/15/18 for the subject facility, received 2/15/18. Your facility correctly used the inflation adjustment factor of 1.013 to calculate a closure cost estimate of \$81,469.58. The closure cost estimate is approved by the Department.

Thanks,
Randall Cunningham

Permitting Consistency Initiative: The Florida Department of Environmental Protection is committed to providing efficient, consistent and quality service to the citizens of Florida. In keeping with these objectives, we are pleased to announce ongoing improvements to our permitting process by standardizing and simplifying our documents. Last fall, the Department began issuing permitting correspondence that is formatted consistently throughout all programs. Although you may receive documents that look slightly different from past correspondence, please be assured that the content continues to be driven by applicable Rules and Statutes. As always, if you have any questions, please contact your local Department office.
