Orange County – SW WACS # 87081
Vista Class III Landfill
Class III –2018 Landfill Gas Collection System (LGCS) Expansion
Approval of Certification of Construction Completion

Dear Ms. Grant:

The Department has completed the review of the certification of construction completion of the landfill gas collection system (LGCS) expansion at the Vista Class III Landfill. The document which describes the details of the LGCS expansion was “Construction Report for the 2018 Landfill Gas Collection and Control System Expansion at the Vista Landfill – Apopka, Florida,” submitted by Carlson Environmental Consultants, PC. The report was dated July 12, 2018 and received July 13, 2018.

The report documented the installation of five landfill gas extraction wells, (EW-11, EW-12, EW-13, EW-15, and EW-16), as well as header piping, cleanout connections and force main piping within disposal cells 3 and 4 at the landfill. As part of the report, the Certification of Construction Completion of a Solid Waste Management Facility, DEP form 62-701.900(2), was signed and sealed on July 12, 2018 by the Engineer of Record, Seth A. Nunes, P.E., of Carlson Environmental Consultants, PC.

Based upon the review of the report, and the site inspection conducted on July 23, 2018 and the certification by the Professional Engineer of Record, the Department concurs that the construction of Cell 5 has been completed and is substantially consistent with plans and specifications approved in DEP Permit No. SC48-0165969-019.

Ms. Sheree Grant
