Subject: Site Closure

Dear Matt,

I am pleased to provide this proposal as follow up to our previous discussion. As I indicated, Liberty Tire Recycling is prepared to load, transport, process and dispose up to 100 tons in the event of site closure. This proposal pertains to whole passenger tires and truck tires but does not cover off road tires (forklift, tractor, loader, grader etc.).

- The cost to load, transport, process and dispose would be One Hundred thirty dollars (\$130) per ton. Please note that this proposal covers the entire cost of handling the subject tires.

If you have any further questions or need any additional information please let me know.

Sincerely,

A handwritten signature in cursive script that reads "Phil Tuohy".
