Biosolids Received (wet tons):	No biosolids received for the month. Stopped composting due to excessive rain.
Source of Biosolids:	Hillsborough County Falkenburg AWWTP
Source of Bulking Agent:	Hillsborough County South County Yard Waste Processing Site
General Description of Activities:	All windrows in the active composting area have met temperature and time requirements of the Process to Further Reduce Pathogens (PFRP). 3279.12 tons of unscreened compost from the active composting area was landfilled due to excessive moisture. Screening of compost in the curing area contined. Sampling was performed on September 24, 2018. 0.0 tons of finished compost was picked up by Life Soils.
