Subject: WACS 41193- Southeast County Landfill - Notification of Abandonment of Piezometer SB 23D

Good Afternoon Everyone,
RE: Notification of Abandonment of Piezometer SB 23D
Southeast County Landfill
Hillsborough County, Florida

ATI is in the process of abandoning the Series I piezometers within the Phase I-VI disposal areas at the SCLF. ATI should complete the field work by the end of the week or early next week.

SB-23D (Series II Piezometer)

Our recommendation at this point is to abandon SB 23D at this time.
The pvc pipe in SB 23D has developed a "kink" in the pipe (more than likely due to a shift in the waste as filling occurs near the piezometer).
Readings can no longer be taken at this location.

If you would like to discuss or need some additional information, please call/email me.

Thank you

Joseph H. O'Neill, P.E.
