Melissa,

In accordance with Appendix 4, Section E.2.c. of Permit No 35435-022-SO-01, please see the attached letter certifying the availability and accessibility of the Southeast County Landfill closure soil stored on the Restricted Property.

Please let us know if you have any questions.

Thank you,

Kollan

Subject: Southeast County Landfill, Hillsborough County  
Annual Declaration of Restrictive Covenant  
WACS No. 41193  
Permit No. 35435-022-SO-01

Dear Ms. Madden:

As required by Appendix 4, Section E.2.c. of the Southeast County Landfill (SCLF) Operation Permit dated December 3, 2018, this letter certifies that soils within the "Restricted Property" (on-site soil borrow area) are available and accessible. Based on a review of the information provided as part of the September 2015 Operation Permit Intermediate Modification Application and an on-site inspection of the borrow area, there have been no modifications to the borrow area (see attached Figure 1). It appears the soil is of suitable quality for typical closure construction and of sufficient quantity to complete the closure of Phases I-VI and the Capacity Expansion Area Section 7, 8, and 9 per the approved closure design.

Please contact us if you have any questions or require additional information.

Sincerely,

Robert B. Curtis, P.E.
