Subject: Hillsborough County Southeast County Landfill Phase II Cutoff Trench Extension Construction Notification - Update

The Hillsborough County Infrastructure Services, Solid Waste Management Division hereby submits a notification of construction activities for extension of the Phase II Cutoff Trench Extension. Construction activities are tentatively scheduled to commence May 8, 2019 and are expected to take approximately three weeks to complete. We will provide FDEP weekly progress updates via email during construction.

SWMD plans on hand excavating the perimeter berm Hypalon liner late this week to verify location prior to excavation.

Please let us know if you have any questions or require additional information.

Thank you,
