Re: Florida Tire Terminal
WACS #94452
Highlands County

Dear Mr. Reisig:

Department personnel conducted a compliance inspection of the above-referenced facility on March 28, 2019. Based on the information provided during and following the inspection, the facility was determined to be in compliance. A copy of the inspection report is attached for your records.

The Department appreciates your efforts to maintain this facility in compliance with state and federal rules. Should you have any questions or comments, please contact Heidi Hoffman at (239) 344-5684, or via e-mail at: Heidi.Hoffman@floridadep.gov.

Sincerely,

Inspection Date: 03/28/2019

COMMENTS:

DEP staff conducted a routine compliance inspection of the facility with the facility manager. At the time of the inspection, the facility had not provided quarterly reports as required by their permit, issued March 28, 2017. DEP discussed this with the facility manager, and also addressed the fire safety inspection which had last been conducted on March 28, 2018.

The facility was in the process of reorganizing their piles while the inspection was being conducted, but no evidence of ongoing non-compliance was observed. The tires were maintained in organized piles and fire lanes were mostly open and clear. The facility manager provided photographs that evening showing aisles that had not been clear during the inspection that were subsequently cleared and returned to compliance once the reorganization was complete. No violations were observed during the inspection.

On April 22, 2019, the facility provided a quarterly report, along with a copy of the fire safety inspection, conducted on April 10, 2019. Please continue to provide quarterly reports as required under the most recent permit.
