The Citrus County Fire Department responded to a call yesterday morning at approximately 7:00 am. Division of Solid Waste Management emergency contacts were called pursuant to our Operation and Contingency Plans and staff arrived at the facility between approximately 7:15 and 7:30 am. The fire was contained by mid-morning, and was confined an area in the Northwest portion of the active Phase 3 cell. It appears that no damage to the cell's liners occurred, nor did any damage occur to the operational systems for gas and leachate collection systems, or storm water conveyance system.
