Subject: Request for Alternate Procedure Approval - Hillsborough County Southeast County Landfill (WACS ID 41193)
Sent via: Info Exchange
Expiration Date: 12/26/2019
Remarks: Dear Mr. Bahr:

At the request of the Hillsborough County, Solid Waste Management Division (SWMD), SCS Engineers (SCS) has prepared the enclosed Request for Alternate Procedure Approval (Request) in accordance with Chapter 62-701.310 Florida Administrative Code (F.A.C.). As discussed in a September 25, 2019 preparatory meeting between the Florida Department of Environmental Protection (FDEP), SWMD, and SCS, we have addressed each regulatory requirement for approval of an alternate procedure. We have included the proposed operations and monitoring procedures in the enclosed Request. Additionally, we have developed a conceptual plan to conduct an accelerated closure over a majority of Phase II and III, a greater area than that previously discussed with FDEP.

We appreciate the opportunity to work with FDEP in development of this Request and look forward to continuing this dialogue as we implement the liquid level monitoring, stormwater management, and accelerated closure activities outlined in the enclosed Request.

A check for \$2,000 to conduct the review is included with the hard copy of the Request in accordance with 62-701.315(8)(a) F.A.C. The hard copy of the Request is scheduled for delivery on November 27, 2019.

Please let us know if you are unable to download the Request via the provided link, and we will upload the electronic file to an FTP location designated by FDEP.

Thank you,

Kollan
