Good Afternoon Mr. Borderieux,

We take continuous readings around the buildings and report the highest reading that is detected. We have never had any detections in the buildings at this site. The "Shop" was inadvertently left off of the sampling and reporting logs when they were reformatted before this event. There were no detections in the Shop area.

Thank you,

### Patrick Kardish

Patrick,

Was the Shop sampled for this report? It seems to be missing. Thanks.
