Vista Class III Landfill
Class III – Cell 6 Liner Repair
Concurrence with Certification of Construction Completion

Dear Ms. Grant:

The Department has completed the review of the report titled “Repair Cell 6 Liner System and Leachate Collection System” submitted by Carlson Environmental Consultants, PC., on behalf of Vista Landfill, LLC. The report details the repair activities to the liner of Cell 6. The repairs to the liner included a half-acre area of the west slope of Cell 6, extending slightly into the south end of upper slope of Cell 5, and the floor of Cell 6.

The report and supporting documentation were dated and received by the Department on November 1, 2019. As part of the report, the Certification of Construction Completion of a Solid Waste Management Facility, DEP form 62-701.900(2), was signed and sealed on December 2, 2019, by the Engineer of Record, Seth A. Nunes, P.E., of Carlson Environmental Consultants, PC.

Based upon the review of the report, certification by the Professional Engineer of Record, and the inspection conducted at the facility on November 19, 2019, the Department concurs that the above referenced project was completed and is substantially consistent with plans and specifications approved by the Department Permit Modification No. SC48-0165969-030-SO-MM.

If you have any questions regarding this letter, please contact Gloria-Jean DePradine at (407) 897-4312 or by e-mail at Gloriajean.depradine@dep.state.fl.us.
