Subject: RE: 2020 Cost Estimate Approval Letter - Enterprise Road Recycling and Disposal Waste Tire Processing Facility (WACS ID: 87895)
Attachments: 62-701_900_28 WACS 87895 Angelos Waste Tire Processing 2020 FACE Update.pdf

Dear Mr. Arnold:

This letter is to acknowledge receipt of inflation-adjusted cost estimates, dated and received March 20, 2020, for closure of the Enterprise Road Recycling and Disposal Waste Tire Processing Facility. The cost estimates received March 20, 2020 (total for closing \$150,167.88) are **APPROVED for 2020**. This estimate is for disposal of 2,028 tons of waste tires. The next annual cost estimate is due at least 60 days prior to anniversary of the financial assurance mechanism. This information may be found here: <https://floridadep.gov/waste/permitting-compliance-assistance/documents/tire-facility-list>. Please note, a revised cost estimate including new third-party quotes will be due no later than **March 27, 2021** with the facility's permit renewal application.

A copy of these estimates is forwarded, via this email, to the Solid Waste Financial Coordinator at Financial.Assurance.Working.Group@dep.state.fl.us. Financial assurance documents can be sent to: Solid Waste Section, FDEP, 2600 Blair Stone Road MS 4548, Tallahassee, Florida 32399-2407. Please work with the coordinator directly to assess the facility's compliance with the funding mechanism requirements of Rule 62-701.630, F.A.C.

Further information about Solid Waste Financial Assurance can be found at the Department's website at: <https://floridadep.gov/waste/permitting-compliance-assistance/content/solid-waste-financial-assurance>

Thank you,

Emily Wargo

III. ESTIMATE ADJUSTMENT

40 CFR Part 264 Subpart H as adopted by reference in Rule 62-701.630, Florida Administrative Code, (F.A.C.) sets forth the method of annual cost estimate adjustment. Cost estimates may be adjusted by using an inflation factor or by recalculating the maximum costs of closure in current dollars. Select one of the methods of cost estimate adjustment below.

(a) Inflation Factor Adjustment

(b) Recalculated or New Cost Estimates

Inflation adjustment using an inflation factor may only be made when a Department approved closure cost estimate exists and no changes have occurred in the facility operation which would necessitate modification to the closure plan. The inflation factor is derived from the most recent Implicit Price Deflator for Gross National Product published by the U.S. Department of Commerce in its survey of Current Business. The inflation factor is the result of dividing the latest published annual Deflator by the Deflator for the previous year. The inflation factor may also be obtained from the Solid Waste website www.dep.state.fl.us/waste/categories/swfr or call the Financial Coordinator at (850) 245-8706.

This adjustment is based on the Department approved closing cost estimate dated: March 13, 2019

Latest Department Approved Closing Cost Estimate:	Current Year Inflation Factor, e.g. 1.02		Inflation Adjusted Closing Cost Estimate:
<u>\$146,935.30</u>	× <u>1.022</u>	=	<u>\$150,167.88</u>

This adjustment is based on the Department approved long-term care cost estimate dated: _____

Latest Department Approved Annual Long-Term Care Cost Estimate:	Current Year Inflation Factor, e.g. 1.02		Inflation Adjusted Annual Long-Term Care Cost Estimate:
_____	× _____	=	_____
Number of Years of Long Term Care Remaining:		×	_____
Inflation Adjusted Long-Term Care Cost Estimate:		=	_____
