Subject: Notification of Upcoming Groundwater Sampling - Erie and Lena Road Landfills

Good afternoon Steven and Kate,

The semi-annual sampling activities at the Manatee County Erie and Lena Road Landfills are currently scheduled to begin on May 12, 2019; however, there is a gap in the sampler's schedule and they would like to move the sampling event earlier to begin on April 27, 2019. We plan to move forward and complete the sampling beginning April 27, 2019, and this email serves as our notification of semi-annual sampling activities.

If you have any questions or comments regarding this correspondence, please contact me at (813) 758-4706.

Thank you,

Whitney Rodriguez, P.E.
