Emily,

I have attached the 2020 Annual Waste Tire Financial Assurance for Brooksville South. The 2019 financial assurance was found to be acceptable, as we received a letter from you after the submittal (see attached). The next submittal is scheduled for June according to the website, which is a mere month away.

When I send in the next submittal for the North Plant, which is due in November for 2021(this is a question), will the inflation factors be updated or is 1.017 meant to be used? It's something of a mystery to me.

Thank you,

Robin Simons
