4. Under 403.121(3), F.S. of the Environmental Litigation and Reform Act, the administrative penalty for unauthorized disposal of solid waste if waste is Class III or Class I is \$3,000.

Part II - Multiday Penalties and Adjustments

ADJUSTMENTS	DOLLAR AMOUNT	JUSTIFICATION
Bad faith after discovery		
History of non-compliance		
	Matrix Penalty x 9	(1) First Identified in March 12, 2019, Locklear provided response that they would stop on April 17, 2019, continued until December 23, 2019, restarted in March 2020, therefore multiplier of 9 months (to-date) for non-compliance. Based on lack of airspace, facility resumed operating in these areas in March 2020 acknowledging continued non-compliance.

Other Unique Factors (Multi-Day)	Matrix Penalty x 2	(2) First identified during March 12, 2019. Construction Permit authorized slopes to be restored by March 21, 2020 as corrective action. The corrective action was not completed by due date. They submitted necessary information for permit mod to be issued in May 2020, therefore we are assessing multi-month penalty for April and May 2020.
	Matrix Penalty x 1	3) First identified during February 9, 2018 inspection, cited again during October 31, 2019 inspection, therefore multiplier of 1 occurrence of non-compliance.
	Matrix Penalty x 1	(4) First identified during March 12, 2019 inspection, cited again during October 31, 2019 inspection, therefore multiplier of 1 occurrence of non-compliance.
Economic benefit of non-compliance		
Ability to pay		
Total Adjustments		

Departmental Costs & Expenses

The following guidelines were followed in estimating the costs to be recovered in settling this enforcement action.

Level of Enforcement Case:

- Minimal Enforcement Case: \$100-\$500.00
- Average Enforcement Case: \$ 500.00-\$1,000.00
- Complex Enforcement Case: \$ 1,000.00-\$5,000.00

This case has been classified as a Average Enforcement Case, for an Enforcement Cost of \$1,000.00.
