PERMIT WRITER: Emily Wargo

1. SUMMARY OF APPLICATION

Permit Modified: 369009-001-WT/02

Chronology of Application:

TIH= 4; TTP= 0 (to 03/31/2020)		TTP
Application received	03/27/2020	
Fee received	03/31/2020	
Application complete	03/31/2020	
Final permit routed for signature	03/31/2020	
Final permit issued	03/31/2020	4

Permit Type: Operation Permit Minor Modification – WT/MM

Permit Summary:

This is a minor permit modification of the operation permit for a waste tire processing facility to revise the facility's site plan and facility operations plan to include newly installed tire racks used to store tires.

2. NOTABLE BASES FOR PERMIT ISSUANCE AND LIMITATIONS

An updated site plan depicting the new tire racks and replacement pages for Section B.1 of the facility operations plan was included with this application. Use of the new tire racks does not increase the facility's permitted on-site waste tire storage capacity of 5,300 whole waste tires and used tires for resale, and therefore the facility's financial assurance cost estimate did not need to be increased as part of this permit modification.

3. DEP CONTACT

Additional information concerning the permit and proposed schedule for permit issuance may be obtained during normal business hours from:
