The only way that ticket will suffice is if all the waste tires in the trailer were picked up from Serviteca, and does not include any tires placed in the trailer at Jumbo or any other location.

Please provide any information you have regarding numbers 1 and 3 below.

Thank you,

Michael

We have a yellow copy (orange county tire transport manifest) for every trailer that Tire Empire picked up from us. but the copy is not very clear. I am attaching you a sample for the load picked up on 06/09/2020

Thank you,

Adriana

Hi Adriana,

Thanks for the information. So, as long as Serviteca is owned by Jumbo, yes, please maintain receipts of pickups from them. When no longer owned by Jumbo, and if you will not be collecting waste tires from them, please remove them from your annual registration.

Do you have any information to provide regarding numbers 1 and 3 below?

Thanks again,

Michael

Good Morning Mr. Eckoff,

Sorry about the delay, but I was out of the office.

About the tires the picked up from Serviteca, I did not realize that we have to fill out the form, what we actually do is that they bring the truck with the disposal tire and we just loaded into the trailer that Empire tire provide to us.

Starting next month Serviteca Tires is not longer owned by Jumbo tires LLC, I will assume that they will bring the disposal tires directly to the Empire facility in Orlando, FL.

Please let me know if you have any questions

Thank you,

Adriana

Good morning Ms. Tejada,

I apologize for not responding earlier to your requests.

Regarding number 1 below. The rule requires you keep records of the following: For all waste tires shipped from the facility, the name and waste tire collector registration number of the waste tire collector who accepted the waste tires for transport, and the quantity of waste tires shipped with that collector; and if the waste tires were shipped with a person who is not a waste tire collector, the number of tires shipped, the person's name, address and telephone number; and the place where the waste tires were deposited; For all waste tires received at the facility, the name and waste tire collector registration number of the collector who delivered the waste tires to the facility, and the quantity of waste tires received from that collector; and if more than five waste tires were delivered by a person who is not a waste tire collector, the number of tires delivered and the person's name, address and telephone number; and, For all waste tires removed for recapping, the quantity and type removed, and the name and location of the recapping facility receiving the tires.

All of these may not apply but please provide copies of the records that do apply.

Regarding number 3. Below. The rule requires you keep records of the following: The operator of the site shall maintain records of the quantity of waste tires received at the site, stored at the site, and shipped from the site.

Also, regarding your comment to number 4. below. As I understood from you during the inspection you do collect tires from Serviteca in Osceola County. I also understand that Serviteca is owned by Jumbo Tires. Irrespective of ownership you do need to keep records of waste tire collection activities from Serviteca as required by Rule 62-711.520(6)(b), F.A.C.

Thank you,

Michael

Good Afternoon Mr Eckoff,

Please tell the inspector that we will be here at 9 am to open the door, so he can perform the inspection. Per your request I am attaching the following documents, see below comments in red. I also sending you a copy of the Orange county Fire Department inspection report

1. A copy of the applicable records for the past eighteen (18) months required by Rule 62-711.530(4), Florida Administrative Code (F.A.C.); **Can you please send me a sample of the documents that you are looking for.**
2. A copy of the current emergency preparedness manual required by Rule 62-711.540(1)(c), F.A.C.; **attached**
3. A copy of the records for the past 18 months required by Rule 62-711.540(1)(g), F.A.C.; **Can you please send me a sample of the documents that you are looking for.**
4. According to the most recent registration dated 2/28/2020, it appears you collect waste tires from the public. A copy of receipts of waste tire pick-ups from your customers for the past three years required by Rule 62-711.520(6)(b), F.A.C.; and **We currently have the license to collect tires, but we are not collecting tires from any facilities. see attachment**
5. A copy of receipts or other documentation of where the waste tires were deposited for the past three years required by Rule 62-711.520(6)(c), F.A.C. **It will be send in a seperate email. The file is too big to be attached to this email.**

Thank you,

Adriana Tejada

Good afternoon,

Due to current health concerns I am notifying you in advance of planned waste tire processing facility and waste tire collector compliance evaluation inspections scheduled for Jumbo Tires LLC located at 750 Central Florida Pkwy, Orlando, Florida. The inspection is scheduled for Monday, August 3, 2020. The inspector will be at your facility at approximately 9:00 AM.

Please take this opportunity to reduce the contact time between our staff by having the following records emailed to me:

1. A copy of the applicable records for the past eighteen (18) months required by Rule 62-711.530(4), Florida Administrative Code (F.A.C.);
2. A copy of the current emergency preparedness manual required by Rule 62-711.540(1)(c), F.A.C.;
3. A copy of the records for the past 18 months required by Rule 62-711.540(1)(g), F.A.C.;
4. According to the most recent registration dated 2/28/2020, it appears you collect waste tires from the public. A copy of receipts of waste tire pick-ups from your customers for the past three years required by Rule 62-711.520(6)(b), F.A.C.; and
5. A copy of receipts or other documentation of where the waste tires were deposited for the past three years required by Rule 62-711.520(6)(c), F.A.C.

I will review financial assurance and quarterly reports you submitted at a later date and provide comments if necessary.

I will also have to conduct a physical inspection of the facility, including any waste tires stored onsite and the vehicles used to transport waste tires.

If you have any questions, please email me.

Thank you,

**Michael Eckoff**
