Good afternoon Greg,

There was a typo in last year's cost estimate submittal letter from Robin Simons that was corrected in the Department's approval of the cost estimate (attached); the approved amount for 2020 was therefore **\$39,014.85**.

Can you please revise the 2021 cost estimate submittal letter such that \$39,014.85 is adjusted using the 2021 inflation multiplier (1.017) to avoid any confusion moving forward?

Please let me know if you have any questions.

Thank you,
