Remarks

On behalf of the Hillsborough County Solid Waste Management Division (SWMD), SCS Engineers hereby submits the attached Contamination Evaluation Plan for the Southeast County Landfill (WACS 41193) in accordance with 62-701.510(6)(a)4 and Condition 4 of the November 20, 2020 FDEP letter notifying SWMD to initiate Evaluation Monitoring. Groundwater evaluation measures previously implemented as part of the Contamination Evaluation Plan indicate that it is unlikely that FDEP water quality standards will be violated outside of the zone of discharge.

We appreciate the opportunity to work with FDEP to resolve this issue. Upon approval of the Contamination Evaluation Plan, we will implement the evaluation measures proposed as part of the Contamination Evaluation Plan.

Please feel free to contact us at 813-955-4906 should you have any questions or concerns.

Thank you,

Kollan
