Re: Closure Cost for Estimate for Florida Tire Terminal Facility
400 Feagin St., Avon Park, FL 33825

If a closing should have to occur at the Florida Tire Terminal facility in Avon Park, FL, the following costs would apply. Florida Tire Terminal has a letter from Global Tire Recycling (attached) stating the cost to load and remove all tires is \$80.00/ton.

The actual waste tire quantities on hand and the weights associated with each category are the results of an inventory taken on 01/07/2021 in cooperation with Polston Engineering. These figures indicate the maximum capacities of the various tire storage cells that are indicated on the Facility Plan.

Passenger Tires - 270 units at 25 lbs/unit = 6,750 lbs. This is the equivalent to 3.4 tons.
Light Truck Tires - 538 units at 35 lbs/unit = 18,830 lbs. This is the equivalent to 9.4 tons.
Medium Truck Tires - 1,281 units at 70 lbs/unit = 89,670. This is the equivalent to 44.8 tons.
Semi Truck Tires - 2,220 units at 120 lbs/unit = 266,400. This is the equivalent to 133.2 tons.
Large Truck Tires - 720 units at 150 lbs/unit = 108,000 lbs. This is the equivalent to 54.0 tons.

The total of waste tires equals 244.83 tons. The following calculations applies.

244.83 tons of waste tires X \$80 = \$19,587.00

The 244.83 tons represent 5,029 total units, which is well below the maximum 15,000 maximum units that are agreed to in the alternative procedures plan by maximum capacities will vary by the size of the tires inventoried.

This figure of \$19,587.00 represents the total closing cost using \$80 as the per ton cost to remove the tires.

Attention: Mr. Robert A Reisig

Subject: Facility Clean Up

Dear Mr. Reisig:

Should a total facility clean-up be needed at the address listed above, the cost would be as follows. Global Tire Recycling would provide loading and disposal of all remaining tires. These tires would be transported to our facility in Wildwood and shredded for a cost of \$80.00 per ton.

I thank you for the opportunity to quote your business and should you have any further questions or concerns, please feel free to contact me at Mark@GTRCrumbRubber.com.

Sincerely,

Mark Bailey
