Good afternoon, Mr. Vargas- My name is Pamala Vazquez and I am the Permitting Program Administrator for the Department of Environmental Protection's Southwest District. I have tried to call you several times but received a recording with no ability to leave a message. The number I am calling is: 939-630-1102.

It is my understanding that we have been attempting to finalize information needed to continue forward with your waste tire processing facility application. We are now almost three weeks past the agreed upon deadline and have not had success contacting you.

Please let me know if it is your intent at this time to withdraw your permit. Thank you very much, Pamala Vazquez
