Subject: Lena Road Landfill (WACS ID 44795) - Notification of Sampling Activities

EXTERNAL MESSAGE

This email originated outside of DEP. Please use caution when opening attachments, clicking links, or responding to this email.

Good morning Steven,

There were some parameters that were collected but not analyzed by the lab for select wells at the Lena Road Landfill (WACS ID 44795), during the fall semiannual sampling event. As a result, these wells will be sampled this Friday, 3/4 for the missing parameters. I apologize for the short notice as this error was caught recently, and the lab would like to rectify by sampling this Friday.

Please let me know if you have any questions.

Thank you,

Whitney Rodriguez, P.E.
