Subject Site: Enterprise Class III Landfill and Recycling Facility (Angelo's Recycled Materials) First Quarter 2022 LEL Data

Dear Mr. Arnold,

Ideal Tech services, Inc. (ITS) is pleased to present the following notes pertaining to the site of Enterprise Class III Landfill and Recycling Facility (Angelo's Recycled Materials). The First quarterly landfill gas monitoring event of 2022 was performed on 03/23/2022.

**03/23/22 Wednesday:**

ITS personnel C. Monaco completed calibration of the gas meter and entered the site to perform landfill gas monitoring. On this day, all Landfill Gas wells, and the Scale House were measured for % LEL as required by the permit. The results of the measurements are presented in the table located in Attachment A. The instrument calibration was performed at the site and the calibration record for the instrument is included in Attachment B. ITS personnel logged offsite.

Please don't hesitate to contact us with any questions you may have about the enclosed documents.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "C. Monaco", is written over a light blue circular stamp.

Christopher J. Monaco
