Dear Mr. Belfakir:

This letter is to acknowledge receipt of inflation-adjusted cost estimates, dated January 25, 2023 and received January 27, 2023, for closure of the US 27 Tires Waste Processing Facility. The cost estimates received January 25, 2023 (total for closing \$5,803.34) are **APPROVED for 2022**. This estimate is for disposal of 5,300 waste tires. The next annual update (revised estimates) is due no later than **October 26, 2023** with the facility's permit renewal application.

A copy of these estimates is forwarded, via this email, to the Solid Waste Financial Coordinator at Financial.Assurance.Working.Group@FloridaDEP.gov. Financial assurance documents can be sent to: Solid Waste Section, FDEP, 2600 Blair Stone Road MS 4548, Tallahassee, Florida 32399-2407. Please work with the coordinator directly to assess the facility's compliance with the funding mechanism requirements of Rule 62-701.630, F.A.C.

Further information about Solid Waste Financial Assurance can be found at the Department's website at: <https://floridadep.gov/waste/permitting-compliance-assistance/content/solid-waste-financial-assurance>

*Please Note: The submitted cost estimate letter contains a typo regarding the calculation, however the final inflation-adjusted closure cost estimate amount is correct.

Financial Assurance Cost Estimate

To Whom It May Concern,

There has been no change in the above referenced facility concerning waste tires storage, and the facility is operating in compliance with the permit requirements. The maximum number of tires that can be stored onsite is 5300 tires. The anticipated disposal cost for the maximum storage quantity is calculated as follows:

2021 Disposal Cost Estimate = \$5574.78

FDEP Inflation Multiplier 2021 = 1.041

2022 Disposal Cost Estimate \$5508.68 x 1.041 = \$5803.34

Current Bond Balance: \$6084.17, Citizens Bank Trust Fund No. 6500000813

If you have any questions, please contact me at 863-248-2911 or email us27tires@gmail.com

Sincerely,
