Pre-existing Potential Violations:

Area: Phase II Landfill

Rule: 62-701.500(7)(f)

Question Number: 2.21

Explanation: Minor flagging and small spots of exposed waste were observed in an area to the west of the working face. Spots of exposed waste were primarily isolated and along the northern half of the current lift. Some areas of exposed waste were on the access road used for equipment coming into the western end of the cell. Minor flagging was observed on the southern side of this access road.

Corrective Action: Please spot repair the cover in these areas and reinforce the access rd with additional cover to avoid this issue as the road continues to be used.
