## MEMORANDUM

TO: Solid Waste Management Facility Owners and Operators

FROM: Fred J. Wick, Environmental Manager  
Solid Waste Section 

DATE: January 12, 2009

SUBJECT: Annual Cost Estimate Adjustment

This memo is a reminder to owners and operators of solid waste management facilities that it may be time to inflation adjust facility closure cost estimates. Specifically, this is for facilities that use a letter of credit, surety bond, insurance, trust fund or financial test to demonstrate proof of financial assurance. If you have already submitted your cost estimate update for 2009, please disregard this notice.

Cost estimate adjustments must be made every year between January 1 and March 1. To fully comply with the filing requirements of Rule 62-701.630(4), Florida Administrative Code, you must complete Form 62-701.900(28). This form is available on line at

[http://www.dep.state.fl.us/waste/quick\\_topics/forms/pages/62-701.htm](http://www.dep.state.fl.us/waste/quick_topics/forms/pages/62-701.htm)

or directly from DEP offices. Remember, if you are adjusting your estimate using the current inflation factor (1.025), you still must submit the first two pages of Form 62-701.900(28).

Please submit updated cost estimates to the appropriate permitting office for review and approval, with a copy to the Solid Waste Financial Coordinator at the letterhead address. Contact your permitting office for further assistance with cost estimates. If you have any questions concerning financial assurance, please contact Frank Hornbrook at (850) 245-8745.
