Subject: West Pasco Solid Waste Facility

Dear Ms. Pelz:

On January 14, 2009, Mr. John Power with Pasco County Solid Waste relayed a conversation that he had with you related to sinkhole formation at the West Pasco Solid Waste Facility located on Hays Road in Spring Hill, Florida. As a result of that conversation, Mr. Power asked CDM to verify that sinkholes have not developed on the site since the facility was sited and constructed in the late 1980's. To that end, CDM has verified through visual inspection that there is no evidence of sinkhole formation at the West Pasco site. If you have any questions in the regard, please do not hesitate to contact me at (813) 281-2900

Very Truly Yours,

A handwritten signature in blue ink, appearing to read 'Jason M. Gorrie'.
