Mr. Lenny Marion
Solid Waste Director, Volusia County
3151 East State Road 44
DeLand, FL 32724

OCD-SW-09-0124

Volusia County - SW
Tomoka Farms Road Landfill
Class III – Permit # SO64-0078767-019
WACS ID #27540
Certification of Construction

Dear Mr. Marion:

This will acknowledge receipt on March 24, 2009, of the *Certification of Construction Completion of a Solid Waste Management Facility*, dated March 20, 2009, by Lee Powel, P.E. of SCS Engineers, addressing the eight-acre lateral expansion of the Class III cell over the preexisting closed Class I cell of the Tomoka Farms Road Landfill.

Based upon an inspection by Jeff Waters conducted on April 2, 2009, and Mr. Waters' review of both the certification report and the construction of the Class III expansion area as certified by the Engineer of Record, the construction of the Class III cell is substantially consistent with plans and specifications approved under DEP Permit SO64-0078767-019 with the following exception: A facility storage area sits on the north side of the expansion area. This structure must be removed prior to placing waste in the Class III expansion for disposal.

Please send a letter with pictures documenting when the structure has been removed. The letter should also state when waste disposal in the area is expected to begin.

Neither this letter nor any prior agreement with the Department relieves you of the responsibility of complying with any applicable ordinances, rules, or laws of any local, county, state, or federal government entity.

Please contact me at 407-893-3328 if you have questions or need further information.

Sincerely,

F. Thomas Lubozynski, P.E.
Waste Program Administrator

Date: April 29, 2009
