Work Order #2013-95-W4526A

Dear Mr. Sanchez:

The Petroleum Restoration Program (PRP) has reviewed the Low-Scored Site Initiative Site Assessment Report (LSSI SAR) dated June 21, 2013 (received June 26, 2013), along with the Response to Comments (via e-mail) dated and received August 16, 2013 submitted for this facility. The report is acceptable and demonstrates that the work outlined in Work Order # 2013-95-W4526A was satisfactorily performed.

Based on the results of the LSSI assessment we concur with your recommendation to terminate the assessment and await funding for continued assessment and cleanup in priority order.

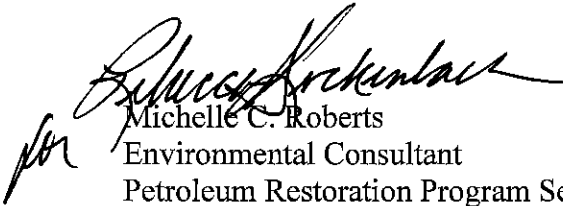

The final invoice dated June 30, 2013 was received on July 5, 2013 and was approved on July 10, 2013. If you should have any questions about the review, please contact me at (850) 222-6446, ext. 247 or at the letterhead address, Mail Station 4585.
