RE: Lena Road Landfill, Manatee County  
Pending Permit No.: 126654-003-WT/02  
WACS Id.: 44795

Certification of Construction Completion  
Waste Tire Processing Facility

Dear Mr. Gray:

The Department has received the Certification of Construction Completion and record drawings for the above-referenced project. Although several submittals were provided, the information received on May 14, 2009 and June 1, 2009 appears to represent the as-built condition of the facility.

Based on the information listed above, and the Department's inspection dated November 14, 2008, the Department approves operation of the new waste tire processing facility in accordance with the plans referenced in Permit #126654-003-WT/02.

Please note that the waste tire pile configuration shown on record drawing sheet C-17 is inconsistent with that approved as part of the permit. Therefore operation in the configuration shown on the record drawing is not authorized. Also the stopgate valve shown on record drawing C-17 (18 inches) is inconsistent with that shown on record drawing C-14 and the permit drawings (15 inches).

If you have any questions, please contact me at (813) 632-7600 x 386 or [susan.pelz@dep.state.fl.us](mailto:susan.pelz@dep.state.fl.us).

Sincerely,

Susan J. Pelz, P.E.  
Solid Waste Program Manager  
Southwest District
