Approval of Closure and Long-Term Care Cost Estimates

Dear Mr. Bermillo

The Department has reviewed the “Closure Cost Estimating Form for Solid Waste Facilities” for Vista Landfill, LLC., signed March 1, 2010. The document was signed by you. The estimate includes the recently approved closure cost for the Class III MRF (\$58,905.44). (NOTE: The application for the MRF, SO48-0165969-017, has not been approved. The waste tire processing operation, WT48-0165969-15, does not require financial assurance because of the size of the operation.) The closure costs for the MRF and the Class III landfill were combined and increased by the 1.02 inflation adjustment factor. The inflation adjustment factor of 1.02 was also used to calculate the long-term care estimate for the Class III landfill; long-term care is not required for the MRF. The last detailed cost estimate for the landfill (dated July 27, 2007) was approved by the Department on November 26, 2007.

The combined closure cost for the landfill and the Class III MRF is estimated at \$2,932,135.14. The long-term care cost for 30 years is estimated at \$3,367,514.09. The cost estimates are approved by the Department.

The documentation to demonstrate financial assurance must be sent to Frank Hornbrook, FDEP Solid Waste Section, MS-4565, 2600 Blair Stone Road, Tallahassee, Florida 32399.
