RE: Hays Road Class III Landfill
Quarter III, 2010
Gas Monitoring

**SOLID WASTE
SECTION**

AUG 23 2010

Dear Mr. Morris:

Enclosed please find the results of gas monitoring conducted at the Hays Road Class III Landfill as required in the permit for this facility. The gas monitoring was conducted using a CES Landtec GEM2000 Gas Meter. Calibration of the instrument was conducted prior to field analysis using a 40% methane gas and 50% LEL methane gas. The meter was allowed to run for three minutes and the highest reading obtained was recorded.

This completes the Quarter III, 2010 gas monitoring requirement at this facility. If you have any questions please feel free to contact me.

Sincerely,

Candia E. Mulhern
Laboratory Manager
