Subject: Request for Pre-application Meeting - Lateral Expansion of the JED Solid Waste Management Facility

Ms. Laisure and Mr. Lubozynski:

Omni Waste of Osceola County, LLC has pulled together a team of engineering and environmental consultants to begin design and permitting efforts for a lateral expansion of the JED Solid Waste Management Facility. We would like to request a pre-application with the FDEP Solid Waste and Environmental Resources Departments to present our proposed expansion and discuss any permitting issues you foresee before getting too far along in the design and field efforts. We would like to meet the week of September 6th or early the following week. Can you please check your schedules and see what days and times are open and I will then coordinate on our side.

Thanks,

Mike Kaiser
