Volusia County – SW WACS # 27540
Tomoka Farms Road Landfill – North Cell, Class I – Closure
Modification to Gas Collection and Control System
Permit No. SF64-0078767-020

Dear Mr. Lebron:

The Department has received your notification dated November 1, 2010 on November 3, 2010, referencing the modifications to the existing landfill gas collection and control system (GCCS) at the Tomoka Farms Road Landfill.

The Department is acknowledging by this letter that the modifications involving the installation of a new header line and a “tee” before the utility flare are operational activities associated with the landfill and they can be incorporated in the closure report and record drawings to be submitted with the closure activities expected to commence later in 2011.

A permit modification will not be necessary for the above operational activities.

If you have any questions, please contact me at (407) 893-3328.

Sincerely,

F. Thomas Lubozynski, P.E.
Waste Program Administrator
