Subject: RE: TRLF - Ash Material

Brian and Emerson:

As we discussed yesterday, we have prepared copies of the manifests that accompanied each load of dirt hauled from the ash sites to Trail Ridge Landfill on Friday, December 3, 2010. As a point of clarification, we had 16 loads from Stockpile No. LM4000039 and 31 loads from Stockpile No. FC2000071.

20 loads LM4000038 (This is the problem stockpile from Lonnie Miller)
16 loads LM4000039
31 loads FC2000071

The scanned files are too large to send via email, therefore, we will forward the hard copies to your office today. Please let us know if you have any questions regarding this information. Thank you –
